

General Objective of Ready Women Project is to offer new opportunities and innovative instruments to adult women with disabilities for improving their qualifications and thus their levels of employability and integration into the labor market mainly through training actions aimed to the New Yields of Employment (NYE) and emerging sectors.

*ISTANBUL/TURKEY in
January, 2020.*

The 3rd Transnational Project Meeting (TPM) was completed in January 2020 in Istanbul, Turkey. Istanbul Gelisim University hosted the meeting. Twenty participants attended the meeting, representing the 10 partner organizations involved in the project.

Encarnación Barrera, the coordinator of the Ready Women Project, led the TPM where the pertinent themes of the project were discussed and addressed, as well as the role of each partner organization in its implementation.

A highlight for the Workshop: "Contents for Women" – planning curricula and educational content and implementation of a specific training course in basic and professional competences and soft skills for women with disabilities, as well as planning curricula documents and preparation of MOOC-PLATFORM.

Dissemination Event about the project and the 3rd TPM in Istanbul by the SEADDER-ANKARA partner. The remaining partners also carried out respective disseminations on their social pages.
